(ii) To assess suitable craft and gear for economic operation;

(iii) Transfer of technology;

(iv) To enlarge deep sea fishing fleet on ownership basis; and

(v) To establish overseas market for non-conventional fish.

This policy was never meant to be a rehabilitation measure for the sick units. Further, the Government is not entertaining any applications for grant of fresh Charter Permits. However, Government entertains applications from entrepreneurs for grant of permission for joint ventures, leasing and test fishing in deep sea fishing sector.
